

## 3. Ordering information

### 3.1 Order specifications and disclaimer

#### 3.1.1 Available variants

| Item no.   | Variant no. | Variant description  |
|------------|-------------|----------------------|
| 2913310520 | 01          | RMP-121D - DC supply |
| 2913310520 | 02          | RMP-121D - AC supply |

#### 3.1.2 Order specifications

There are no additional options to the standard variant.

##### Variants

| Mandatory information |      |             |          |                                   |                   |         |                |                      |
|-----------------------|------|-------------|----------|-----------------------------------|-------------------|---------|----------------|----------------------|
| Item no.              | Type | Variant no. | Coupling | Measuring power (P <sub>n</sub> ) | Measuring voltage | Relay B | Supply voltage | Timer characteristic |
|                       |      |             |          |                                   |                   |         |                |                      |

Example:

| Mandatory information |          |             |          |                                   |                   |         |                |                             |
|-----------------------|----------|-------------|----------|-----------------------------------|-------------------|---------|----------------|-----------------------------|
| Item no.              | Type     | Variant no. | Coupling | Measuring power (P <sub>n</sub> ) | Measuring voltage | Relay B | Supply voltage | Timer characteristic        |
| 2913310520-02         | RMP-121D | 02          | 1W3      | 0 to 100 W                        | 110 V AC          | NEL     | 220 V AC       | Normal timer characteristic |

Measuring power (P<sub>n</sub>) = Primary power / (CT ratio × VT ratio)

Specify phase to phase voltage for couplings 1W3 and 1W4.
