

# HIGH PRESSURE IN-LINE FILTER - EPF SERIES

The EPF Series is a compact, cost effective high pressure filter solution. It was designed with the iprotect® patented filtration technology.

PART NUMBER:

EPF3220QIBM3MG161

FLOW CAPACITY (L/MIN):

270 \*

FILTER ELEMENT:

20QI (Microglass) \*

SEAL MATERIAL:

Nitrile \*

BYPASS VALVE (BAR):

7,0 \*

PORT CONNECTION TYPE:

G1 \*

INDICATOR TYPE:

Visual \*

OPTIONS:

Standard, incl. Bypass \*
